not required but can be helpful

your checked bag, we won't be taking them to Mexico. But you will need them for our overnight in Chicago. So please bring a sleeping bag and air or foam mattress to Chicago. We will then leave them at Calvary Church for the week and pick them up on our way home.

The place where we are (likely) staying has bunk beds with mattresses. We will be ordering 31 \$10 sleeping bags and 31 \$8 air mattresses. That cost is built into the overall cost of the trip. We will pick them up in El Paso before we head into Mexico. We will bring them back into the US and use them for our overnight stay in El Paso before donating them to a local outreach center.
